Britain and Germany.

and the police, chosered for the L. W. W. And presently, when their anger passes the point where talk could cost it, they led to be a shower of bricks and rollies at the small band of workers. Then they rushed at the men and in an intrant the group was surrounded by showing, pushing, yelling men whose women folk, on the outskirts of the throng,

The solitary sergeant and his four men were lost in the milling mass of strikers and Chief Bimson ordered all the reserves up from Headquarters and salled from the stein & Pohty mill Capt. it took some minutes for the police to arrive and meantime the sergeant and his four men, swinging their clubs, were striving to fight a war toward the mill, the forty workers grouped as close t

the porty were making no progress, though, when the receives came up. The new arrivals threw themselves into the mob and fought a passage to the side of their comrades. But in the crowd of 1,000 they were swallowed up and practically lost. The crowd closed in issuind them as they passed, and once inside they were almost as helpless to cet out as had been the sergeant and

MOUNTED MEN STOPPED IN CHARGE OF STRIKERS.

Then Chief Binson gave the order to such the crowd. Down the street thunthe eight mounted men, spurring horses and swinging their riot to the right and 'eft o' them. The cavalry struck against the outer tank of the crowd, and though those

the charge, the mounted men were stopped as effectually as though they tad rushed against a zione wall.

They drew off, reasonabled in line far up the street and once caore came purring down on the crowd, only to the halted as before. And then the paired wages—three of them—were hrought less play. They were drawn up, some wagens—three of them—were hought into play. They were drawn up, some yards away from the swirling ends and then sent at 448 gallop directly at the near. The horses, acting on instinct, would have slowed up as they reached in crowd, but their drivers lashed them. with whipe and they plunged at full calles directly into the seething mass of Selore each ensiaught of the mounted

men and the wagons those on the out-thirts of the crowd scattered and tried to avoid the plunging hoefs, but it was impossible for all to get out of the way and charge followed charge before the strikers finally gave way and find to and charge followed charge before the strikers finally gave way and fied to the ridewalks. Through the lone thus uponed the police eccorted those of the Price hands who had not been dragged from the little group which the policemen sheltered, and when they saw the deers of the mill chang shut behind these men the strikers gave up the QUESTION OF EQUALITY ONE OF
